## Business Startup 2011

### Business Startup 2011

In partnership with our sister companies [JCS Computing](#) and [JCS training](#) we are pleased to offer a fantastic new deal to help New Business Startups get going with their IT services.

This includes everything the new user would need to get their company up and running with I.T. smoothly and efficiently. We have made it very easy to choose the right option for each business. We have used our expertise and reputation in the industry to work in partnership with leading IT brands to offer only the best products to our new customers. These include Acer, Canon, HP, Microsoft and Sage.

An advantage of choosing JCS is that our customers have instant access to our expertise and knowledge built up over 20 years as a leading IT services company and we will remain committed to help and serve all our new startup customers as their business develops.

We very much look forward to getting business moving and backing new British businesses in shaping our future. Please take time to look at some of the options contained in this flyer and feel free to call us any time to discuss
