the internet's leading computer rentals company where ever you are

Please find enclosed our latest brochure. As part of the JCS Computing Group serving the IT industry over for over 20 years, computerent.co.uk has firmly established itself as a leading provider of computer and AV equipment rental. We are able to offer the latest specified equipment for short or long term hire, no matter what the quantity. This ideal for users who require equipment at short notice for hotel conference and training venues as a good example. If it is a short term requirement you need then rent is the ideal choice.

Even for longer periods you may find rent is ideally suited and there are big savings for long term contract users. You also have to consider that all the equipment is fully maintained for the hire period supported by a parent group JCS Computing.

Our Standards

All our equipment is of the very highest standards and specification. We only rent out leading computer brands

All our hire equipment is rigorously checked prior to each hire and installed with the latest system updates for optimum performance, reliability and security.

We will deliver the day prior to commencement of the hire period and collect the day following completion of the hire period anywhere on the UK mainland to ensure the maximum hire period time is achieved.

Computerent.co.uk is part of the JCS Computing Group servicing and supporting IT computer systems for over 20 years.

We always have the technical expertise on hand for our customers should this be required.

Our policy is to give value for money which is why we offer large savings on multiple day hires.
